In the detail page we have all the fields in that Image?

How do we have a **Blue Book Value** ? (Blue Book Value is a estimate price of the car which you can buy easily)

Who will add the Auction Cars on listing? (Admin Only, Client Only, Admin or Client Both) ?

If (Client Add or Both Add) users need approval from the admin ?

Before bidding its composure, that user has to be logged-in. If User didn't pay after winning the bidding then what happened ?

What is the process of payment ?
